MCCQE Spring 1973	Pass
MCCEE January 2009	Pass
NAC Examination September 2010	Pass
MCCQE Part I Spring 2011	Pass
MCCQE Part II Spring 2012	Pass

A physician may only be registered in the Canadian Medical Register and awarded the designation of Licentiate of the Medical Council of Canada (LMCC) once he/she has complied with all requirements for [registration](#).

The LMCC is not a licence to practise medicine, the issuance of such being a function of the medical regulatory authorities. The LMCC is a part of the Canadian Standard, the set of requirements for awarding a full licence.
