If you will complete 12 months of PGT by JUNE 30, 2020:

You can add your name to the pre-application list through your physiciansapply.ca account anytime between OCT. 7 and NOV. 11.

If you are WAITING for results from the Oct./Nov. 2019 MCCQE Part I or the Oct. 2019 MCCQE Part II:

Once you receive your results, you can add your name to the pre-application list through your physiciansapply.ca account.

If you will not have completed 12 months of PGT on or before JUNE 30, 2020:

You must wait until the next session.

If you are selected, you will be invited to apply starting NOV. 14, 2019.

If you do not receive an invitation to apply by the end of January, you will need to wait to pre-apply to a future session.

If you receive an invitation to apply, you must COMPLETE your application through your physiciansapply.ca account no later than the date provided in the invitation.

An application is COMPLETE only once you have paid the exam fee AND received a transaction confirmation.

Capacity for each session is limited. If you need to take the exam by a given session for licensure or other career purposes, you will still need to add your name to the pre-application list. We will ensure that you are provided a spot for that session.

Visit our MCCQE Part II page for additional information.
